EASTER GREETINGS

From all who worship at St James Church

Of all the dates in the church calendar Easter is central to our beliefs and doctrines. The Holy Week Bible readings record the last days of Jesus Christ before His crucifixion and resurrection. These include the entrance into Jerusalem with the cheers of the crowds echoing in His ears, the Last Supper with His disciples and His trial, crucifixion and resurrection.

The resurrection validates all that Jesus did and said. The disciples could only understand Jesus words in the light of the empty tomb. Christ's death and resurrection reveal that God has forgiven sin and overcome death. Death is not the end, there is more to life than what we experience on earth and because of this this life on earth is changed. This is the Good News of Christianity.

I invite you to join with us in thanking God for all He has done in Jesus Christ. You would be most welcome. Details of our Easter Services are on the back page of the Newsletter.
